WORK EXPERIENCE

ALL NATURAL CLEANING SERVICES

Corona, CA

Supervisor & Team Lead

Mar 2019 – Present

- Trained 5 new employees while the company underwent a period of massive growth due to an influx of new contracts.
- Managed 3 teams and communicated concisely with each team member to deliver the highest quality product possible.
- Administered 5 accounts and ensured customer satisfaction on a regular basis.

ALL NATURAL CLEANING SERVICES

Frontend Developer

Aug 2015 – Mar 2019

- Collaborated with the owner to redesign the company website using HTML, W3.CSS, and Javascript creating a responsive layout for mobile, tablet, and desktop devices.
- Increased customer base by 15 percent due to more appealing design and added email form functionality.
- Updated and maintained the company site, improving the site to match the owner's added design and functionality requirements as needed.

ACTIVITIES

FRONTEND MENTOR

Jul 2021 - Present

Volunteer Developer & Mentor

- Completed 30+ challenges to improve front-end development skills and reinforce best practices.
- Crafted detailed explanations of thought process and workflow for each and every project in the form of comprehensive documentation and well commented code.
- Presented feedback to community members, offering assistance, optimization tips, and code reviews. Took constructive criticism on own projects, using comments to update projects to deliver a better user experience and further optimize the application.

CODEWARS

Jan 2022 – Present

Community Member

- Achieved success in over 60 JavaScript coding challenges to rank up on the site by completing difficult problems.
- Competed in freestyle sparring sessions, which involve competitive code refactoring between individuals to reach the most optimal solution for a given logic problem.
- Reinforced learned knowledge by redoing previously completed challenges in a different or more optimal manner.
